

# Modern Foreign Languages Curriculum Summary

## French

Learning a language enables children to experience the joy of another culture and to further their knowledge of the world around them. At St John's, children are currently introduced to one main language (French) from the start of their time in Kindergarten. Our aim is to help children develop their confidence in communicating fluently using the language they have learnt and to give them a broad cultural awareness in our multilingual and multicultural world. fTjEMC /P 4VCID 89 1 12Tf0 T-( o)-2

-

Guidance for parents:

Pupils should generally work unaided on prep at this stage, however, it is always useful to encourage good routines of revisiting classwork prior to starting homework and regular practice of vocabulary (both French to English and English to French). Parents could also be a good audience for the practice of a speaking task or be of support in preparation for an assessment.
